Viticulture: This refreshing wine is the product of two vineyards. Fruit from our Estate Vineyard on the east-facing Golden Mile Bench provides fresh floral, apple, and pear flavours, while the limestone soil in the west-facing Black Sage Vineyard gives the wine a mineral backbone and crisp lemon finish.

Winemaking: Both lots receive the same minimal treatment: gentle pneumatic pressing, controlled cool fermentation in stainless steel, early removal from lees, no oak, and no malolactic fermentation.

Tasting Notes: Grown on both the east and west South Okanagan benches, this Pinot Gris offers a great example of our terroir. Tree fruit aromas and lively, crisp acidity combine with a distinctive minerality in this consistently delicious wine. Try this refreshing white with grilled salmon flavoured with lemon and dill, seared scallops with peas, or asparagus risotto.
