

HESTER CREEK

TRUE WINE EXPERIENCE

TERRAFINA

AT HESTER CREEK

Terrafina

Meaning “from the earth,” the name Terrafina is inspired by the mature grapevines in Hester Creek’s estate vineyard — some of the oldest-producing vines in the Okanagan Valley — and by the abundance of locally grown ingredients that have made the region a culinary destination.

Located in the former winery tasting room, Terrafina’s 45-seat restaurant provides an intimate setting enhanced by old brick, wooden pillars and iron chandeliers. An additional 24 seats on the patio, surrounded by garden and covered by lush vines, is the perfect spot to while away an afternoon. It’s a setting that captures the character of Hester Creek Estate Winery, and is also reminiscent of a villa overlooking the hills of Tuscany. Comfortable Old World charm with an injection of New World attitude inspires everything from Terrafina’s décor to food preparation and service.

From an abundance of local fruit and produce to the wide-ranging varieties of local vineyards, Terrafina brings the best of the Okanagan’s seasons to the table; the best “from the earth.” It’s open from March through December.
