

TERRAFINA

Meaning, “fine earth,” the name Terrafina takes its inspiration from the terroir of the Golden Mile Bench and specifically, Hester Creek’s historic estate vineyard.

Locally sourced ingredients are the main feature of the Italian themed menu at Terrafina. In 2020, Chef Adair Scott planted a garden behind the restaurant which is abundant with fruits, vegetables and herbs that are typical to the region. The fresh ingredients used in Chef Adair’s culinary masterpieces complement our award-winning wines made with grapes harvested on the same land.

Located in the former tasting room, Terrafina’s 45-seat restaurant provides an intimate setting enhanced by old brick, wooden pillars and iron chandeliers. An additional 24 seats on the patio, surrounded by a garden and covered by a pergola of old vines, is the perfect place to enjoy a delicious meal on a summer evening.

Terrafina captures the essence of Hester Creek Estate Winery and reflects the character of The Villa. It has an old-world Tuscan charm with an injection of new-world flair that brings the best of the Okanagan’s seasons to the table. Open from February through December, we invite you to enjoy our South Okanagan wine and food experience.
