

THE VILLA

Located at the pinnacle of Hester Creek Estate Winery's historic property is The Villa. Comprised of six luxury guest suites that each include a private patio, The Villa is the perfect place to take in the stunning views of rolling vineyards and historic orchards.

Each suite is optimized for comfort and includes geothermal heating and cooling, a soaker tub and a Stearns & Foster king-sized bed. The suites are also equipped with an HGTV, fireplace and complimentary WiFi.

With every stay, guests are welcomed with a bottle of Hester Creek wine upon arrival and are served a delicious breakfast made with locally sourced ingredients each morning. In the high season, breakfast is served out on the breezeway in a true European fashion where guests can enjoy the views and the company of other travellers.
